

Did you know?

"The outcomes of this study identify that the COVID-19 vaccine developed by Pfizer, does in fact, edit human DNA."

Red area is stained mRNA of SARS-CoV-2.

Blue area is stained nucleus of cell.

"Red dot" is evidence that SARS-CoV-2 mRNA enters into the cell nucleus and thereby replicates.

Do you believe we should:

1. OWN OUR OWN DNA, REGARDLESS OF ADULTERATION, AND NOT THE PATENT HOLDER OF THE MRNA TECHNOLOGY - See Supreme Court Ruling which states, "Composite (c) DNA is patent-eligible because it is not naturally occurring." pg 4

WE MUST:

- Pass SB 2086-Kolkhorst Relating to a property right in DNA; providing injunctive relief and a civil penalty; creating a criminal offense supported by RPT plank #219.
- Ban gene editing mRNA vaccines for use in humans and animals.
- Ban edible plant-based mRNA which vaccinate through food consumption.

2. BAN LAB GROWN MEAT IN TEXAS:

Prohibit the use, sale, import and export of food and feed "from cell cultures or tissue derived from vertebrate animals"

as passed by Italy on 11/16/2023.

3. BAN GEOENGINEERING

Ban the intentional injection, release, or dispersion, by any means, of chemicals, chemical compounds, substances, or apparatus within the borders of this state into the atmosphere with the express purpose of affecting temperature, **AND EXTREME WEATHER** as signed by Tennessee Governor 04/11/2024.
