

ARE RECIPIENTS (the state, cities, businesses, individuals) PREPARED TO:

- 1) Sign the [US DEPT OF TREASURY AWARD TERMS AND CONDITIONS](#) that requires all Recipients to comply with all applicable federal statutes, regulations and executive orders.
- 2) Receive an executive order to force their employees and subcontractors to receive the COVID-19 vaccines to keep their jobs, even though that would be in direct conflict with Governor Abbott’s Executive Orders prohibiting vaccine mandates?
- 3) Do the Recipients have the legal defense to defend themselves against lawsuits from the Texas Attorney General for violating state law?
- 4) Do the Recipients have the funding to return the federal funds they received if they are non-compliant with the US Department of Treasury contract Award Terms and Conditions?
- 5) Use the funds according to Page 3 of the Interim Final Rule below?

The intent of the American Rescue Plan of 2021 is very clear in the October 8, White House Letter.

*“a law that will help vaccinate America”
“We are on the path to vaccinating the nation.”*

This has been a long, hard time for our nation. But I believe brighter days are ahead. We are on the path to vaccinating the nation. Our economy is on the mend. And our children will be back in school. I truly believe there is nothing we can’t do as a nation, as long as we do it together.

RIN 1505-AC77

Coronavirus State and Local Fiscal Recovery Funds

AGENCY: Department of the Treasury

ACTION: Interim Final Rule

From page 3 of the Interim Final Rule which states:

“Amid this once-in-a-century crisis, State, territorial, Tribal, and local governments (State, local, and Tribal governments) have been called on to respond at an immense scale. Governments have faced myriad needs to prevent and address the spread of COVID-19, including testing, contact tracing, isolation and quarantine, public communications, issuance and enforcement of health orders, expansions to health system capacity like alternative care facilities, and in recent months, a massive nationwide mobilization around vaccinations.”

9. Compliance with Applicable Law and Regulations.

- a. Recipient agrees to comply with the requirements of section 603 of the Act, regulations adopted by Treasury pursuant to section 603(f) of the Act, and guidance issued by Treasury regarding the foregoing. Recipient also agrees to comply with all other applicable federal statutes, regulations, and executive orders, and Recipient shall provide for such compliance by other parties in any agreements it enters into with other parties relating to this award.

Ask yourself this question - If Recipient is found to not be compliant with one of the many federal statutes, regulations, or **executive orders**, will the federal government:

1. Demand the repayment of all funds received?
2. Seize their bank accounts?
3. Seize their property?
4. Incarcerate the recipient?

The government's Vaccine Adverse Events Report is one reason why people are reluctant to receive the COVID-19 vaccines!

Many have seen the social media reports of horrible side effects that the media will not cover.
Many have seen the intentional prohibition of early treatment with effective therapeutics.
